

The Best Kept 401k Secret in INDIANA

OneAmerica,
is headquartered in Indianapolis and
is one of the most experienced
retirement providers in the country

OneAmerica is one of the largest and most experienced 401k & 403b providers and is headquartered right here in Indiana. A Hoosier since 1877, they have provided retirement plans since the 1960's and regularly win top industry awards for their products and services.

Owned by clients, not shareholders, OneAmerica regularly puts service and integrity over profit. For over 145 years OneAmerica has worked for a better Indiana and actively supports over 100 Indiana non-profits. OneAmerica is a strong supporter of Indiana business, philanthropy and the arts – making it a better place to live, work and play.

I'm Mike Grimme, Managing Partner of ClearPoint Financial Partners, an independent retirement consultant and author of "An Employer's Guide to a Retirement Plan that Works." While our firm works with most major recordkeepers, I feel Indiana based employers have a unique opportunity to work with a national retirement recordkeeper in their own back yard that can provide unmatched local service, access to leadership and operates under a common set of Hoosier values.

I invite you to take a closer look at OneAmerica Retirement Services, either through a personal behind the scenes tour or by joining a retirement roundtable on May 13th to learn from retirement industry experts on how to create a better retirement plan for your organization and employees.

- Uncovering hidden and confusing fees
- Fiduciary best practices - reducing risk
- Investment trends - ESG & target-date portfolios
- Financial Wellness program benefits and implementation

The Best Kept 401k Secret in INDIANA

Retirement Roundtable

Creating Better Retirement Plans

May 13, 9am-11:30am | Indianapolis - Skyline Tower

We are inviting a select group Indiana based employers to join a discussion with industry experts on how to create better 401(k) & 403(b) plans for their organization and employees. Roundtable participants will be executives with oversight responsibilities, (fiduciaries,) for their organization's retirement plan.

Agenda

Creating Better Retirement Plans - Employer Roundtable

- **Uncovering hidden and confusing fees** - many employers don't know all the fees their employees pay inside their retirement accounts. Excessive fees can add up to tens of thousands of dollars for a single employee and create unneeded liabilities for employers and plan fiduciaries. Learn how to find and lower hidden fees within your retirement plan. **Conversation leader:** Mike Grimme, Managing Partner, ClearPoint Financial Partners
- **Fiduciary best practices** – answering questions like, “who is a fiduciary?”, “what are a fiduciary’s duties to the plan?”, and “how can employers better manage fiduciary liability?,” is important to any employer sponsoring a retirement plan. Hear fiduciary best practices and practical steps to limiting fiduciary liability. **Conversation leader:** OneAmerica
- **Investment trends: ESG investing and target-date portfolios**– Environmental, Social and Governance, (ESG,) investing is becoming increasingly more popular. Learn what ESG is, what employees think and guidance to employers on how to add them to their plan. Target-date funds have become the biggest asset class within retirement plans, with over 90% of new contributions going to these portfolios. Learn the unique factors fiduciaries should consider when evaluating target-date funds, including glide-path, passive-active-blend and strategic equity targets. **Conversation leader:** Rachael Brumund, VP Fidelity Institutional
- **Financial Wellness programs** – engaging employees on their financial lives beyond the retirement plan. Studies have shown that stress caused by student debt, childcare expenses, caring for aging parents and more, prevent many employees from participating in retirement plans – and often interferes with job performance and satisfaction. Hear how your organization can implement and benefit from a financial wellness program. **Conversation leader:** Peter Dunn, a.k.a. Pete-the-Planner
